

Covid-19 Special

- *comprehend and understand* -
Helpful hints

Paul Lloyd / CC0

Helpful hints:

- 1) For the younger ones we of seriously ill people instead of people who need to be ventilated.
- 2) Primary school children certainly need help with reading and understanding texts.
- 3) First graders can often work independently only up to the 3rd or 4th field.
- 4) Second graders can often work independently up to 5th or 6th field. The completion of the 8th field can then be done together with the child.
